

# How can GOD move if the situation is truly hopeless?

## ACTION PLAN

### How can God move if the situation is truly hopeless?

1. What circumstances in your life lead you to question God's timing? Have you ever considered that God was late in meeting a need or a prayer concern and that tardiness has caused the situation to be hopeless in a sense?

---

---

---

2. As you pray about these seemingly hopeless situations, what verses are the Holy Spirit reminding you of? How are God's attributes applicable in your circumstances even if they appear to be not true as of the moment?

---

---

---

3. How is God building your faith in these trying circumstances?
