Jesus Heals a Man on the Sabbath

Jesus said to him, "Get up, take up your bed, and walk."
And at once the man was healed, and he took up his bed and walked.

JOHN 5:8-9

Have you begun to settle in your life? Or do you still want to see the fulfillment of God's promises? Have we made pronouncements or statements that do not agree with God's promises to us? How can we begin to catch ourselves and take our thoughts captive and make it submit to Christ's authority?

God has infinite options, solutions, and ideas that we do not have access to. There is no stopping what God can do in your situation. Take a moment to pray and focus on God to get you through your situation.
